March 20, 2017

Dear Fellow City Neighbors Hamilton Supporter,

2016-17 continues to be a banner school year—our eighth year as a school. December 2016 brought the unanimous recommendation for a five-year renewal of our contract with Baltimore City Schools, as well as our first student-conceived Winter Arts Festival. So far, the “wintry” months have been marked by the demonstration of internalized classroom community norms, fantastic projects through the lower and middle grades, and opportunities for professional learning about racial identity development.

Students at CNH are experiencing education that values their voices, their creativity, and their dignity. They are experiencing the arts every day in some way—movement, visual arts, storytelling, music, and more—as part of their learning. They are diving into deep project studies. And they are developing into strong, thriving readers, writers, and mathematicians. This learning and these kinds of experiences make City Neighbors Hamilton a special place.

As an arts-integrated, project-based, Reggio Emilia inspired, progressive urban school, City Neighbors Hamilton serves as a model of education in Baltimore City and beyond. In order to meet our operating budget—including our investments in technology, the library, musical instruments, arts programming and more—our Fundraising Committee and our school is tasked with raising \$15,000 this year! To meet that goal, we clearly need your help.

With this letter, we are asking you—every family, community member, and friend of CNH—to help support City Neighbors Hamilton with a tax-deductible financial contribution to the City Neighbors Hamilton Annual Fund Campaign, no matter the size.

- \$10 underwrites the cost of field work transportation.
- \$20 enables us to expand the diverse offerings of our volunteer-led library.
- \$50 supports the cost of our subscription to BrainPop, a research-based online curricular supplement.
- \$75 provides honorariums for local experts who work alongside our students in the creation of project-based products, like our fifth grade’s documentary exploring the question “*Does History Matter?*”.
- \$100 underwrites the cost of a student’s participation in our experiential learning excursion to New Orleans, Louisiana.
- Consider a capstone gift of \$1,000 or more as an investment towards the overall cost of operating our small learning community. Capstone donors will receive special recognition in City Neighbors publications, and a small gift as a token of our deep appreciation.

As the budget for schools next year is still up in the air, your help has never been more needed.

You can also help by providing us with names and addresses of folks who might also consider giving – friends, family, grandparents, employers. This information can be provided on the attached sheet.

On behalf of our students, the Board of Directors, and our community, we thank you in advance for your generosity.

Sincerely,

Liz Spann
